

HPC

ONE FOR ONE

March of 2021, **HPC** launched the “**One for One**” initiative with One Tree Planted. Their mission is to make it easy for anyone to help the environment by planting trees around the world! For every dollar donated, one tree is planted!

We asked **our HPC family** to join the cause
With a goal of planting **1,000 trees!**

As of September 1st, we are excited to announce that we have reached our goal and had **1,000 trees donated!**

HPC has pledged to match the number of trees donated. This year there will be **2,000 trees** planted on behalf of **HPC!**

We would like to **THANK YOU** all of you who contributed to the Environment!
